TEXAS PAIN SOCIETY'S 6TH ANNUAL SCIENTIFIC MEETING

OCTOBER 24-26, 2014
Hyatt Hill Country • San Antonio, Texas

MEETING SCHEDULE AND REGISTRATION FORM

Join the Texas Pain Society for the 6th Annual Scientific Meeting!
This meeting promises to be the biggest and best pain medicine meeting in the state!

PROGRAM PLANNING COMMITTEE

Lakshmi Koyalagunta, MD, Chair
Mark White, DO- Co Chair

Krista Crockett • Larry Driver, MD • Erik Hustak, MD • Andy Joshi, MD
C.W. Murphy, MD • Graves Owen, MD • Laura Wells, MPH

MEETING BENEFITS

WHY ATTEND?

NOTABLE PAIN MEDICINE SPECIFIC CME

Presentations will be focus on the most current research and findings in pain medicine. Earn up to 17 CME credits in one weekend from distinguished state and national speakers.

HOT NEW IDEAS FROM EXHIBITORS

Join the fun and excitement in the Exhibit Hall where physicians have the opportunity to learn about new pharmaceuticals, devices, labs, products and services in pain medicine. Take time to meet the leaders in the industry, review new opportunities and network with others in the field. Remember to take a moment to say thank you to all exhibitors for helping to make this meeting possible!

LEARN MORE ABOUT TPS AND BECOME INVOLVED!

Meet new colleagues or reunite with old friends from across the state and network about patients, billing and practice questions, legislative issues and more. Learn more about TPS and what your society does for your practice and pain medicine in Texas. Volunteer to join a committee and become involved.

WHO SHOULD ATTEND

If you are involved in the practice of pain medicine in Texas, you should plan to attend this one of a kind meeting and become a member of the TPS today!

PLEASE SEE THE REGISTRATION PAGE FOR SPECIAL CONFERENCE PRICING WHEN YOU JOIN TODAY!

GOALS AND OBJECTIVES

- Discuss the integration of health information technology into the practice for quality of care enhancement.
- Summarize meaningful use stage two and eligibility for federal EHR incentives through the Medicare and Medicaid programs.
- Describe current state e-prescribing rules and regulations as pertaining to controlled substances.
- Restate the best practices for HIPAA-compliant communications between physicians.
- Specify the most common pain billing codes and their required documentation.
- Analyze the regulatory requirements for ICD-10.
- Employ strategies to reduce patients' pain using intrathecal pump therapy.
- Review evidence of effectiveness for NSAIDs, muscle relaxants, opioids and adjunctive agents.
- Associate changes within the brain with chronic pain.
- Discuss resources for addiction treatment.
- Determine best practices for managing soft tissue injuries.
- Diagnose and evaluate patients' pelvic pain.
- Discuss glial cells' involvement in chronic pain and potential options for treatment.
- Integrate proper documentation procedures for opioid prescribing in their practice.
- Appraise the risks and benefits of new pain management techniques.
- Articulate proactive steps to navigate the evolving insurance landscape.
- Illustrate the pros and cons of physician ratings systems.
- Review the latest information from the Department of Public Safety regarding Prescription Monitoring Programs.
- Identify changes from the 83rd Texas legislature focusing on pain management.
- Discuss updates provided by the State Board of Pharmacy that impact the dispensing of controlled substances.
- Explain the rules regarding state pain clinic registrations and exemptions.
- Describe the current concerns facing Texas pain management physicians.
