Why Become a Texas Pain Society Business Member?

Becoming a Business Member of the TPS is a way to showcase your support for the advancement of pain medicine in Texas. Membership provides you access to all of the information that our physician members receive. You will get email updates, newsletters, invitations to meetings and more! One of the greatest benefits of Business Membership is the ability to meet with a physician and communicate with them about current issues that are affecting their practice (and the only way they learn about it is through the TPS). Our doctors value our Business Members commitment to the TPS!
